

Field Safety Consultant

This role is a 12-month contract located in Norfolk, VA.

Local candidates are preferred.

Resumes may be sent to info@exceedsafety.com with the subject line “Field Safety Consultant – Norfolk, VA”

Function:

The Field Safety Consultant inspects client work areas and equipment to ensure compliance with company, state, and federal safety policies and regulations. This position will work to create and enforce a culture of safety within Exceed Safety LLC and all of our clients workplaces.

Responsibilities also include documenting safety inspections, citing dangerous areas/procedures and recommending corrective procedures, and maintaining safety equipment supply and availability. This position reports to the Director of Client Engagement and the assigned Subject Matter Expert/Project Manager

Responsibilities:

- Provide support to all Exceed Safety LLC and client's employees
- Supervises field safety compliance by ensuring that Exceed Safety LLC and client's employees are fulfilling labor safety policies
- Conducts safety classes as well as new hire safety orientations.
- Responsible for all county, state, and federal DOT compliance requirements.
- Enhances job knowledge by participating in educational training sessions.
- Inspect working conditions in manufacturing sites to ensure compliance with occupational safety and health regulations, as well as Exceed Safety LLC and our client's requirements.
- Perform safety audits, job hazard analysis and incident investigations.
- Advise and assist in the development and implementation of plans, policies, procedures, and guidelines to ensure safety programs are aligned with company and site goals.
- Conduct/assist with the incident investigation process to ensure thorough investigations, provide resolutions, and issue reports.
- Collaborate with managers to monitor compliance and identify safety issues
- Intervene in unsafe activities or operations

Competencies:

- Ethical Conduct
